

Global Nuclear Power

by Mr Stewart McGuire

You are cordially invited to a public lecture on Global Nuclear Power by Mr Stewart McGuire, a B360 Equity Research Analyst, who is currently lecturing in the Department of Marketing, Logistics and Economics.

The Presenter

Stewart McGuire (MBA, CFA) is the Director: Institutional Equity Research at Credit Suisse London. He led the Canadian equity sales team focused on natural resource companies, in particular energy producers and miners within a global context, for 8 years. Prior to moving to London, Mr McGuire was a director at two leading Canadian investment banks and was involved in numerous corporate transactions within the natural resources sector.

Date: Thursday, 11 August 2016

Time: 18:00 - 19:30

Venue: Harold Pukewitz Graduate School of Business, Class Room H3.31
